

TO THE PROPERTY HOLDERS OF HANNIBAL.

At a meeting of the Board of Directors of the Hannibal and St. Joseph Railroad Company, convened in this city on the 25th inst., it was

Resolved, That the Engineer-in-Chief, in addition to the power already conferred on him by a resolution of this Board, be and he is hereby instructed to cause a full and complete examination of the routes through Collier street, and also any other route that in his judgment may be deemed advisable for the interest of the Railroad Company, and to prepare an estimate of the cost of these several routes, together with their relative working and prospective value to the interest of said Road, and that he be also empowered to ascertain upon what terms the right of way for said Road can be obtained upon the several routes, and also to receive propositions from land holders or their agents, upon what terms the necessary amount of land can be obtained upon the banks of the Mississippi river, and upon such other places in or adjacent to the city limits, for such other amount of land as he may deem necessary for the use of the Company for the necessary buildings, and that he be required to report at the next meeting of the Board, and all powers conferred on committees heretofore appointed in reference to getting the right of way through the city of Hannibal, and getting land for depots and other buildings, necessary for the wants of the Company, be and is hereby repealed.

Propositions for the sale of lands to the Hannibal and St. Joseph Railroad Company, for a site for Depot, &c., in the city of Hannibal, in accordance with the above resolution, are invited from the property holders, and will be received at the office of the undersigned, on or before the first Monday in September next.

The quantity of ground necessary for the use of the company for the terminus, will be not less than five acres; on or near the river, and ten additional acres, lying in a body on or near the line of Road, a distance not exceeding two miles from the river.

Propositions should be sealed, and endorsed "Proposal for sale of ground for Depot," and contain an accurate description of the ground, its locality, quantity, &c., with reference made to a plat of the city.

JAMES M. BUCKLIN,

Chf. Engr. H. & St. J. R. R.

Hannibal, July 29th, 1853.—d&wtd.

City papers copy, and send bill to Railroad Office.

The Mayor.—Major Bucklin requests us to state that propositions from property holders will be received for any amount, from five acres down. Five acres was named as the amount of land that would be required for a depot, and it certainly can make no difference with Major Bucklin or the Board of Directors, whether propositions for the sale of any five acres come from one man or a dozen men, separately or in combination. The object is to ascertain where and at what price ground enough for a depot can be obtained. A number of persons might combine to make up the amount required; or they may separately, or any one that chooses, may send in propositions to sell indefinitely small amounts.

PREPARED Hetter's Teeth, an excellent article for sale at the Drug Store July 26, 1853.—d&wtd.

R. N. ANDERSON.

DAGUERRETYPE LIKENESSES!

BRAINARD & LAMBERT'S FLOATING DAGUERRETYPE GALLERY, is now lying in Bear Creek at the Foot of Main street, where they will be ready and always happy to wait upon all who may wish to procure for themselves

PERFECT LIKENESSES.

This Gallery is fitted up expressly for this business, with a large Side and Skylight. Pictures are taken very rich and in the very best style, and put up in any style of Case, Locket, or Breastpin. Come all who wish to see yourselves most beautifully

COUNTERFEITED.

and come soon for we remain at Hannibal but a few days only.

Their skill and experience enable them to offer a rare chance to those who desire to learn the art of Daguerreotyping. (y18d1w)

THE INTRODUCTION OF

FILLEY'S STOVES

Into Northern Missouri, to any extent, has been in the last three years; since which time they have been gradually increasing the manufacture and sale of them; and although, owing to their being light and smooth, and something new, some little difficulty attended the sale and use at first, yet by always making Stoves and Castings of the best quality of Scotch Pig and Missouri Mountain Iron, they have proved to withstand fire better than any other Casting made in the western country. The furnace castings and hollow-ware particularly, have been superseded by it, wherever it has been brought into use, and always given satisfaction. Having lived here a number of years, and being permanently located here, purchasers can rely on our guarantee as to the quality of the article sold by us; and as to the operation of our celebrated Prize-Premium Cook Stove, just read the certificates of those who have used them, and are using them now. And another advantage a purchaser will have in buying a St. Louis stove of us, he would not only be getting a stove made of the best material in the world, but he can at any time get an old piece or plate without any charge, by letting us know that such is wanted, as all our stoves are warranted, and, in case of imperfection, the article will be promptly made good to the purchaser, which he will not find the case with Cincinnati, Chicago, Pittsburgh, and Eastern-made Stoves, as you cannot get any old pieces. Even if they were warranted, it would be impossible to get old plates from such a distance.

We, the undersigned, having used the St. Louis Stoves manufactured by G. F. Filley, of St. Louis, and sold by CARTER W. BRYAN, at Hannibal, Mo., take pleasure in recommending them to the public as superior in point of draft, durability, economy, convenience and ease of regulation, to any stove which we have ever used:

NEW COOK STOVES!!

Persons wishing to buy stoves, should give us a call, and examine our new patterns of

Having secured the agency of them for this city. This stove possesses advantages over common stoves, in thickness of the plate, and improvements in draft. It is given up by all stove dealers and manufacturers, to be the best pattern for a descending flue, of any stove now made East or West.

This stove was patented September, 1852, and wherever they have been used, have given general satisfaction. This stove weighs some forty pounds more to the number than any other stove ever brought to this city. The plates in them are from one-half to three-fourths of an inch in thickness. No. 1 weighs over 200 pounds. We warrant them all against fires. These stoves have a Patent Hot Air Flue, which carries the heat that is generated under the fire-plate down the front part of the stove, between two thick plates to the draft at the bottom of the stove, thereby adding great heat to bake with on the bottom, and remedying that which has always been a fault with stoves of a descending flue, heretofore. C. W. BRYAN, July 16, 1853.—(d6m)

FIELD'S SCRAP BOOK — New Edition.

Literary and Miscellaneous Scrap Book. CONSISTING of Tales and Anecdotes—Biographical, Historical, Patriotic, Moral, Religious, and Sentimental Pieces, in Prose and Poetry. Compiled by William Fields. Second edition, revised and improved.

The Footpath and Highway; or,

WANDERINGS of an American in Great Britain, in 1851 and '52. By Benjamin Morgan. This volume embodies the observations of the author, made during eight months' wanderings, as a correspondent for American Journals; and as he traveled much on foot, differs essentially from those on the same countries, by other writers.

New Themes for the Protestant Clergy:

CREEDS without Charity, Theology without Humanity, and Protestantism without Christianity; with Notes by the Editor on the Literature of Church, Expulsion, Papism, Political Economy, and Protestantism. The great question which the book discusses is, whether the Church of this age is what the primitive Church was, and whether Christians—both pastors and people—are doing their duty. Our author believes not, and, for our sakes, he has written out a strong case. He thinks there is abundant room for reform in the present times, and that it is needed almost as much as in the days of Luther.

For sale at the NEW BOOK STORE. PRIME

J. H. & T. A. McDANNOLD, ATTORNEYS AT LAW, HANNIBAL, MO. (ap-23-d-1y)

TAILORING.

JAMES THOMPSON, & JOHN A. LEMMON, the Lime Man, Merchant Tailor.

HAVE associated themselves together for the purpose of carrying on the TAILORING BUSINESS in all its various branches.

On Main street, one door north of the Brady House, and next door to C. W. Bryan's Store.

They have and will keep, the best of Journeymen all the time, and will Execute Work as Expeditiously, as neatly and satisfactorily as they know how.

We will put any we will beat the man that makes the tailors, but will say they will keep at near the picture as possible.

Mr. Lemmon has the largest, best and cheapest stock of Cloths, Casimires, Vestings, Trimmings and Summer Goods, that Hannibal ever had the good luck to have in it.

Give us a call gentlemen, you are bound to be suited in my kind, or quality of Goods. Hannibal, April 28, 1853.—d2m

Barber's Shop.

PETER JOHNSON,

RESPECTFULLY offers his services to the public. He keeps the best quality of razors, and keeps them sharp. He will always pay strict attention to cleanliness and neatness. He cuts and dresses hair in a style that never fails to please his customers. As a knight of the scissors and razor he yields to none in Hannibal. His charges are reasonably low. As he intends to continue fitting up and improving his establishment, as fast as his means will allow, he hopes to have the patronage of the citizens of Hannibal whose well known chief characteristic of energy, leads them to desire to see everything on the progressive march. Recollect it is the shop nearest to Hickman's Stove Store. It is on the west side of Main street, two doors north of Bird street. (ap-23-d-1y)

Flour! Flour! Flour!

Arrena Mill.

FARMERS AND MERCHANTS coming to Hannibal with the intention of selling wheat and buying flour, would do well to call and see us before selling or purchasing elsewhere. Remember the big stone Mill on Bird, between Main and Third streets. Give us a call. A. S. ROBARDS & SON.

N. B. Our Flour is sold nowhere else but at the Mill. Every sack and barrel is branded with our name on it. July 19d1f "A. S. ROBARDS & SON."
